Merinda J. Smith : The Corrugated Road: A Single Girl's Guide to Life, Love, and Travel in Wa and Beyond before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Corrugated Road: A Single Girl's Guide to Life, Love, and Travel in Wa and Beyond:

I wrote this book hoping to inspire at least one person to follow their dreams no matter how old you are. If you are grateful for the simple things, the bigger things seem so much more rewarding. This book has some breathtaking places to visit that were found by curiosity and time, and it also has some delicious places to eat. I had to hit rock bottom to find belief in myself, and I am hoping to allow people to find themselves, knowing there is beauty and laughter in everything; you just need to look.

About the Author My whole life I have never felt I belonged anywhere, and I have even thought about ending my life. But in one moment, I changed my whole life. I finally learned how to balance all the important things in my life. I am now thirty-one years old and find gratitude, beauty, and inspiration in the simple things. I have always loved traveling and writing, so now I would like to tell my story to hopefully inspire just one person to do the same.
