Phil Kingsman : The Crabby Old Git on Cruising: A Laugh out Loud Comedy before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Crabby Old Git on Cruising: A Laugh out Loud Comedy:

0 of 0 people found the following review helpful. Cruising from a Man's Faulty? Point of View By Gail M Baugniet A bit silly but that's what I was looking for in this short work about cruising. If you are looking for politically correct phrasing, you might want to skip this one. But if you've already taken at least one cruise, you will recognize some folks and buffet table events. 2 of 2 people found the following review helpful. I knew I wouldn't like cruising! By Janice Raine-Conick Every preconceived idea I've had of cruising are graphically and amusingly confirmed, thank you so much, Phil, for saving me a fortune which I can now spend waiting at the airport for the delayed flight whilst reading your book! I await further travel guidance from your pen. Maybe I'll end up holidaying at home once the travel industry has been entirely destroyed by your enlightened comments! An excellent first book. 0 of 0 people found the following review helpful. Funny but..... By Oldseadog I enjoyed the quick read and mostly agree with these thoughts on cruises that now-a-days are so glorified in ads. After taking many "cruises" in my 26 year Navy career, I can see little they offer for the prices they now get away with on enticing people to "get away from it all"! (Mostly in a closet sized room that happens to be afloat.)

Anchors aweigh for a great parody on cruise holidays! Crabby's best mate, Reg, has foolishly asked for his opinion on

cruise holidays. A self-appointed expert, the Old Git lets Reg have it with both propellers: cabin grade and the effect it will have on his bank balance and stomach, perils of the arrivals hall, the curse of the ship's paparazzi, and the upgrade hustlers! And what else has Crabby to say? How to avoid the bowels from hell. Sage words on sea sickness. Being alert for geriatric entertainers with books to flog. And don't get him started on the price of shore excursions! You never know - his views may well have you rushing to book your next cruise holiday just so you can spot the characters and sights that the Crabby Old Git talks about. And, of course, so you can experience that feeling only a cruise holiday can give you (if you know what I mean).
