**Hal Gold : The Cruise Book: From Brochure to Bon Voyage** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cruise Book: From Brochure to Bon Voyage:

This comprehensive, new text examines the techniques and technicalities of cruising. Information is provided on all major cruise lines, including itineraries and evaluations of the various lines. The history of cruising, as well as a future look at contemporary trends in cruising are discussed. This book should be of interest to diploma courses in travel and tourism; reference for professionals.
