Recently was on a cruise where one of my friends bought some art and it was amusing how it mirrored Joshua's description of the art sales.1 of 1 people found the following review helpful. Fun and Interesting and

intriguing By Jeanel thoroughly enjoyed reading Cruise Ship Capers! Josh Kinser's keen sense of humor kept me entertained. His understanding of human character is fascinating as he relays the lives of cruise ship employees. The plot provides insights into art sales aboard cruise ships. I felt it captured the true essence of cruise ship life. This was a book that was easy to read and hard to put down. 0 of 0 people found the following review helpful. Enjoyable read By Retired Navy MPRI enjoyed the story line, but also found the behind the curtain look at cruise ship operation interesting as well. Writing style was enjoyable, but a couple of dry places seemed to drag a bit. Overall still give it 5 stars, and it's a great price as a Kindle download.

Written by a well-published author who worked on cruise ships as an art auctioneer. Comedy and intrigue emerge after a priceless painting by Gustav Klimt vanishes into the salty sea air, and everyone aboard the seven-day Caribbean cruise is a suspect. The story quickly sails out of control as it ventures inside the sleazy and fast-paced world of cruise ship art auctions. A room steward is entangled in an art heist after a detective is called onto the scene. A beautiful cruise ship dancer is looking for love. But instead of Prince Charming, she finds a crew of filthy pirates below deck. A thief believes that it's his destiny to steal one of Europe's most valuable artworks, but when the heist goes wrong, he thinks he might be the one getting bamboozled. Venture deep below the waterline and unravel a mystery that's much more meaningful than it appears from the surface of the sea.
