Robin McMacken : The Dakotas Off the Beaten Path, 4th: A Guide to Unique Places (Off the Beaten Path Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dakotas Off the Beaten Path, 4th: A Guide to Unique Places (Off the Beaten Path Series):

0 of 0 people found the following review helpful. but I'm pretty sure it's come in handyBy Reverend! I can't remember why I bought this, but I'm pretty sure it's come in handy.7 of 7 people found the following review helpful. Light, good guidebookBy SmallchiefI used this guidebook for a visit to the Black Hills of South Dakota. If there's a more interesting place to visit than the Black Hills I haven't found it. The scenery is great, the wildlife abundant, and the history is fascinating. For example, the guidebook led me to the Pine Ridge Indian Reservation and the Red Cloud Heritage Center and Red Cloud's grave. (Red Cloud was a Dakota chief who defeated the U.S. army in 1868 and forced a withdrawal from Indian lands.) On a different level, the book also led me to Kevin Costner's casino and restaurant in Deadwood, as well as Will Bill Hickok's grave in the same town. The guidebook divides the Dakotas into six regions and lists interesting places to stay, old-time restaurants, museums and art galleries, annual events, and assorted trivia. Sidebars recount tidbits of Dakota history, especially tales of its cowboys and Indians. This guidebook is light and small and well-organized and all you need to find your way to interesting spots, especially if you're the sort of person who's allergic to shopping malls and cooker-cutter hotels and restaurantsSmallchief11 of 11 people found the following review helpful. Good but not much to compareBy A CustomerMy family was recently transferred to North Dakota with the Air Force. Before we moved we wanted to learn more about it, since we had never been here. It was very difficult to find ANYTHING in print about North Dakota. I finally found an older copy of this book in a book store in Anchorage, AK, and then went on-line and ordered the new edition. While I think this book is pretty decent, I wish I could find a book with more pictures. While North Dakota is hardly considered a popular tourist destination, there IS some pretty scenery. I think this book would be better if they added some sections with pictures. Otherwise, the book is pretty good. I would recommend it to anyone considering travel in North Dakota (or South Dakota, it also has a section on that state), but then again I have not come across a single other book that focuses on North Dakota as much.

Dedicated to travelers with a taste for the unique, these easy-to-use, state-by-state guides will help readers discover the hidden places that most tourists miss -- shining the spotlight squarely on the offbeat. If it is funky, funny, little known, or out of the way, it will probably be found in Off the Beaten Path "RM." The Off the Beaten Path "RM" series covers every state in the United States plus Washington, D.C., the Maritime Provinces, British Columbia, Quebec, and Puerto Rico and select cities such as Boston and Chicago. Encounter the world's only Corn Palace in Mitchell, where thousands of bushels of corn, wheat, grain, and grasses are used to create beautifully decorated mosaics. Take part in the annual Fort Seward Wagon Train, in which participants dress up in pioneer costumes during a one-week wagon train reenactment. Uncover North Dakota and South Dakota's best-kept secrets.

"Spiced with anecdotes, both personal and historical, that convey [the author's] deep connection to an area of the country that is truly 'off the beaten path.'" --The Bloomsbury
