**Antoni Pitxot : The Dali Theatre-Museum from Figueras** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dali Theatre-Museum from Figueras:

3 of 3 people found the following review helpful. Dali Theatre-Museum BookBy Silver FoxI was very disappointed that I did not purchase this book when I visited this museum/theatre. Was not aware that Dali had designed jewelry, but saw it there. I decided to try when I returned home and found that I could purchase the book cheaper online and did not have the added weight. Have enjoyed going through the book and recalling my visit there. Well worth it, both book and trip.0 of 0 people found the following review helpful. Five StarsBy olgathank you so much

This book offers a photographic vision of the true Dalinian space. "I want my museum to be a single block, a labyrinth, a great surrealist object," Dali said. "It will be a museum that is theatrical to the extreme. Those who come to see it will leave with the feeling they have been dreaming. Offering a unique insight into the last great design of Dalinesque genius, this book was produced from the first-hand knowledge of its authors. It is a guide to introduce us to the personal and chaotic, imaginative, labyrinthine and ever creative world of Dali.
