Sally Deneen, Robert McClure : The Dog Lover's Companion to Florida: The Inside Scoop on Where to Take Your Dog (Dog Lover's Companion Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dog Lover's Companion to Florida: The Inside Scoop on Where to Take Your Dog (Dog

Lover's Companion Guides):

0 of 0 people found the following review helpful. ouBy Sarina Rose, authorA handy guide for dog owners traveling in Florida. The disappointment is that there are not many off leash parks for our canine family members in Florida. I don't think this is the fault of the author rather that of the communities listed.0 of 0 people found the following review helpful. Florida Fun For FurkidsBy Bizzy ReadingThis is a great guide for anyone living or vacationing with their furkids in the Sunshine State. That Florida sun is hot, even in winter! No doggies left in cars, please! Breaking the state into convenient sections, the authors (who very much love their furkid!) give us restaurants, parks and beaches where we or our furkids don't have to worry about acceptance. Very readable and practical. I hope that the authors have updated this since the copy I have has a 2001 copyright.2 of 2 people found the following review helpful. A five paw book! A great guide to the good dog life.By J. VogelThis book is a great resource for those who want to see Florida and still bring along their best friend. A lot of the book is lists of restaurants and hotels that take dogs, but it also has many tips on local dog parks, state parks, and other Florida attractions that are accepting of four legged patrons. We've already found some local attractions to visit with our dog that we would have never found without this book. (At least it would have taken us much longer to find them!) I have really enjoyed this guide. My only advice to others looking to buy this book is that they should know the book mainly references outdoor attractions (parks, beaches, and recreation areas).

The Dog Lover's Companion to Florida has the inside scoop on the best parks, restaurants, accommodations, recreation spots, and pet-friendly businesses in the Sunshine State. Expert authors Sally Deneen and Robert McClure and their trusty companion Maggie have dug up many surprising resources available to dogs in Florida, such as an eight-foot-tall "digging mountain," the nation's largest dog park, pet bakeries, and Everglades airboat rides. Packed with helpful maps, up-to-date leash laws, and a useful "paw" ranking system for all locations in the book, The Dog Lover's Companion to Florida is truly a pet's best friend.
