If I had, I wouldn't have bought it as it was published in 2005, nine years ago! I was looking for current information, not outdated information. The text is an easy read and entertaining for dog owners which is the only reason I gave it 3 stars. Some of the demographic information may be helpful, but as it is all out of date, one cannot depend on it for being correct and/or current information. Sad...I also purchased her text, *Dog Lover's Guide to California*, but it is more current having been published in March 2011. I've re-learned a valuable lesson -- for correct/current information when traveling with your dogs, be sure the reference is less than 2 yrs old...0 of 0 people found the following review helpful. Love this book!By G. McCainLet's face it our four legged companions dictate pretty much where we go and what we see when it comes to traveling. This book shows you everything you need to know to have an amazing adventure with your dog. I highly recommend it and Cooper gives it four paws.0 of 0 people found the following review helpful. Very UsefulBy Joyce C. HughesHaving fun checking out all the hikes, dog parks, eateries with the family pet. This book makes it easy to do that!

*The Dog Lover's Companion to Los Angeles* has the inside scoop on the best parks, restaurants, accommodations, recreation spots, and pet-friendly businesses in the City of Angels and beyond. Local author Maria Goodavage and her trusty companion Jake have dug up many surprising resources available to dogs in Los Angeles, such as snug bed-and-breakfasts, drool-worthy beaches, chic restaurants (that give dogs star treatment), and canine couture boutiques. Packed with helpful maps, up-to-date leash laws, and a useful "paw" ranking system for all locations in the book, *The Dog Lover's Companion to Los Angeles* is truly a pet's best friend.
