You'll find concise guidance on the very best Disney has to offerBy CustomerIf you've never been to Walt Disney World (WDW), this is the book to start with. These guys (Dave and Josh) know their stuff, and they keep things very up-to-date. You'll find concise guidance on the very best Disney has

to offer. If you've been to WDW 13 times, this is a book will provide great tips that can lead to an even better trip. While much of the information in this book is available on the author's website, it is well worth the convenience of having the print copy in your hands. Arriving at WDW without a plan in place will SERIOUSLY limit how much you can see and do, and will add stress. Don't be stressed. Investing a small amount of money on this guide book will GREATLY add to your Disney World enjoyment!6 of 6 people found the following review helpful. Disney, organized.By CustomerMy wife bought this book to plan our recent trip to Disney. I hadnt been to Disney since I was a kid. I wasnt sold on the advice at first (the itineraries seemed really restrictive), but once we were in the parks, the research that Josh/Dave did made it all make sense. We got to do all of the major rides and see everything we wanted to see, while still having some downtime to do our own explorations. I was so impressed, I bought a copy for some friends who are planning their first visit. With three kids under 10, theyll need it!
