Eric Hanauer : The Egyptian Red Sea: A Diver's Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Egyptian Red Sea: A Diver's Guide:

1 of 1 people found the following review helpful. Dated book By Tina Lloyd I thought the book was great until I actually went on my diving trip. The information is very dated. Unfortunately, the diving was nowhere near as beautiful as I had anticipated.

This is the most comprehensive diver's guide ever written about the Red Sea. It is the result of five seasons of research,

nearly 300 dives, and numerous interviews with dive guides and tour operators.
