New York is the city where every visitor and native is bound to fall in lovewhether with the thousands of colorful

yellow cabs, the aromas of foods from every culture sizzling, or a secluded, relaxing spot hidden among the skyscrapers. It is the ultimate melting pot, and it is overflowing with magic and mystery. Let the authors take you on a tour of the city, from famous landmarks to less well-known haunts. They will take you from the northernmost tip of Manhattan through the oasis of Central Park, and past monuments, markets, museums, churches, and bars all along the way. Follow their route or pick your favorites and make a day out of it! With seventy-five special New York City spots included, each features transit information like which subway train line to take and which stop will get you closest to your destination. Additionally, the book includes a unique barcode for each individual spot, which readers can scan with their smartphone to directly view the official webpage and learn more about the spots they like best.
