Great Coffee Table Book Depicting Finger LakesBy SKGreat book for very reasonable price. Love this purchase!

The natural beauty of the Finger Lakes region of New York is captured in these stunning landscape photographs. From thundering waterfalls to early morning mist rising off a still lake, these images evoke the mystery and splendor of this unique geological area that was shaped by glaciers and honed by water. Iridescent rainbows and vivid sunsets combine with shaded woodland glens and fields of phlox to make up this gorgeous photo book that celebrates the majesty of upstate New York in all her many colors.
