An engaging read with scores of destination ideas for the 2nd largest country on EarthBy juelle brickWritten with colourful imagery and a tangible sense of wandering this book is the perfect book to inspire an adventure. Much easier to read than a guidebook, with just a hint of sarcasm, and a beautiful final note about what makes up a satisfying

bucket list. An outstanding gift for adventurers backpacking, planning, or just dreaming of their next adventure. 0 of 1 people found the following review helpful. I love It.
